

Scat Rap

by Rabbi David Zaslow

Did you hear ever hear
when you talk and you talk
in a gym when you echo when you talk,

And the words all the words
seem to bounce and they bounce
all the words that you're talking back to you?

Bop bop deedy bop
deedy bop bop dee bop bop.

The jive that you're talking
while you're walking and you're talking
in a gym when you echo when you talk.

The jive is alive
when you talk and you walk
in a gym when you echo when you talk.

Bop bop deedy bop
deedy bop bop dee bop bop.

Every word is a ball
is a ball in a hoop
in a gym when you echo when you talk.

Give me a hoop for the talk
when the talk is a ball
making hoops with the ball off the wall.

Bop bop deedy bop
deedy bop bop dee bop bop.

Dunk the jive in the hoop
or an echo on a wall
when you're talking by a wall in the gym.

Shoot the breeze when it's grim
or hook a sneeze off the rim
with the jive alive and talking in the gym.

Bop bop deedy bop
deedy bop bop dee bop bop.
